

Free Roof Solar Panels & Battery Installation

A proven, tested and safe way
to save on utilities

Benefits to Your Home

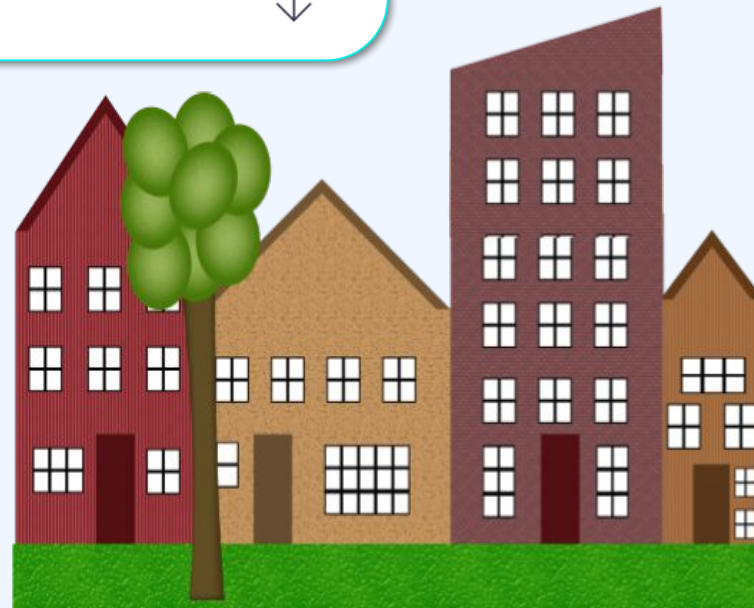

- **Greatly reduced electric bill:** completely free solar energy reduces your utility bill.
- **No cost to you:** installation and ongoing costs covered by government incentives. Maintenance and warranty for solar panels and battery provided.
- **Keep your electricity on during an outage:** snow storm or hurricanes, a battery will provide you with 24 to 48 hours of electricity.
- **Roof repairs may even be included:** if you qualify, we'll repair your roof as well.

Free Roof Solar + Free Battery = Lower Bills & Less Carbon

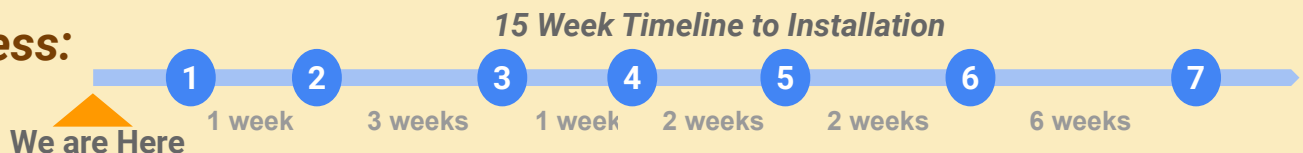

Take advantage of incentives from the DC government to subsidize the installation of clean and safe solar energy in your home and throughout Wards 7 and 8.

Reduce your utility costs and never have a power outage again.

The Process:

The Steps:

1. Share Data
2. Initial Design
3. Site Visit
4. Confirm Design
5. Sign Agreement
6. Receive Permit
7. Install
